

Building Character

A Leadership Workshop for Middle Schools

Crane River Theater was created to serve the state of Nebraska and surrounding areas as a professional theater company providing a home for the presentation, education, and promotion of the arts. We provide the unique quality of recruiting professionals from across the country and mixing them with area artists to create exciting and innovative productions.

Building Character with Crane River Theater is an exciting new opportunity for middle school students (grades 6-8) beginning in Fall 2021. This leadership workshop focuses on further developing the confidence and leadership skills for students to stand out as natural leaders among their peers. On Monday, September 27, 2021, our team of professional arts educators will host Nebraska middle school students for this interactive day-long workshop.

Building Character features Jason Lavasseur, founder of "The Rock Star Project," a leadership development and team building seminar. Jason is an award-winning keynote speaker, professional entertainer, summer camp program director, online teacher, and team-building expert who aims to elevate, inform, and inspire young people. His tactile and energetic presentation is sure to captivate and inspire your 6th-8th grade students, establishing a strong sense of leadership that will echo throughout your school.
